Community Focused to be Community Engaged

Over all Structure for Ministry Teams:

1. Each Ministry Team serves with an appropriate staff person. The Senior Pastor keeps the Church Council informed about the activities of each team.
2. The staff person recruits a coordinator for the team in consultation with the Senior Pastor. A coordinator serves for one year, which can be extended on a yearly basis.
3. The staff person and coordinator chose team members to assist in administering their ministries.
4. The coordinator of each team works with the staff person to set an agenda.
5. The team works with the staff person to develop outcomes and a strategic plan to achieve outcomes.
6. The staff person and/or the coordinator decide on financial expenditures from the budget for their ministry. They may involve team members in any financial decision. Any expenditure for a single item or project over \$500.00 is to be discussed with the Senior Pastor before any commitment is made. Any long-term, on-going financial commitment is to be discussed with the Senior Pastor.
7. A budget is developed by March. The Senior Pastor compiles a full budget for the Budget Committee, which is presented to the Church Council. The Council makes any changes for presentation to the Congregational Voting Assembly.
